### Past, Present and Future

Daniel S. Maydeck  
President & Chief Executive Officer

The mission of Haynes Family of Programs is to strengthen the mind and spirit of children with emotional challenges, special learning difficulties and developmental needs by providing specialized programs in a nurturing, caring and therapeutic environment. Advancing that mission are our more than 350 team members and 780 consultants and contractors who supported 2,333 unduplicated children and teens and their families during our 2017-2018 fiscal year.

Always honoring our founder LeRoy Haynes, we are proud to further his legacy by remaining a pioneer in foster care residential placement, special education and mental health services. We are responsive in enhancing and expanding our programs to address the critical needs of the children we serve today and those who will benefit from our programs in the future. This year in collaboration with our board of directors, clients, oversight agencies, leadership and staff, we redefined priorities and adopted a new 5-year strategic plan for Haynes Family of Programs.

None of the life-changing work we accomplish with children each day happens without our community of supporters. Thank you to our donors, volunteers, corporate and foundation partners, alumni, advocates and friends.

We are grateful for each and every one of you. Lives are improved every day because of your belief in our mission and your trust in our ability to carry it forward.

### SHORT-TERM RESIDENTIAL THERAPEUTIC PROGRAM (STRTP)

- 103 male teens benefitted from a nurturing home, academic tutoring, recreation, opportunities to worship, therapeutic services, and instruction in sound values and life skills.
